About this Statement 4

About this Statement

MUA Electricity Limited (**MUAE**) is an authorised Electricity Distribution Licence Holder ("the Licence") granted pursuant to section 6(1)(c) of the Electricity Act 1989.

This statement is produced in accordance with Standard Licence Condition 17 of (**MUAE)** Licence for the requirement to offer terms for the provision of Metering Point Administration Services (MPAS). This statement is constructed in a way which reflects the requirements of Standard Licence Condition 18 for provision of and charges for Metering Point Administration Services.

Unless stated otherwise, words and expressions in this statement shall have the meaning given to them in the Electricity Act and the Licence.

All prices included within this document are exclusive of Value Added Tax (VAT)

1.0 INTRODUCTION

1.1 MUA Electricity Limited (**MUAE**) is an independent electricity distribution business, licensed by the Gas and Electricity Markets Authority (**GEMA**), to design, build, adopt, operate and maintain electricity distribution networks in Great Britain.

1.2 This Statement details the charges to persons (Users) using **MUAE's** Distribution System for the provision of metering point administration and data services.

1.3 This Metering Point Administration Services (MPAS) Charging Statement describes the process for obtaining MPAS. Section 3 sets out a table of charges for additional MPAS services.

1.4 The charges are provided pursuant to Retail Energy Code (REC) and Balancing and Settlement Code (BSC). Additional services will be quoted separately and billed in accordance with the Distribution and Connection Use of System Agreement (DCUSA).

1.5 MUA Electricity Limited's Licence Obligations

Metering Point Administration Services comprise: -

- establishing a register of technical and other information about premises connected to **MUAE's** distribution system;
- maintaining that data, including amending it to reflect changes in Electricity Supplier to that premises;
- and providing data from the register in a timely and efficient manner to any relevant person.

These services are to enable Electricity Suppliers to estimate the cost of supplying that premises, to facilitate electricity supply to that premises and to allow Electricity Suppliers or any other relevant person access to information necessary for Settlement purposes.

MUAE must provide MPAS to any legitimate requester. We must make an offer to provide MPAS within a time limit and using charges that have been set out and published in a format approved by GEMA – the MPAS Charging Statement.

The Licence requires that the terms and charges contained in this statement may be reviewed at least once each year. The charges and costs shown will apply from the 1st of April 2023 and are exclusive of VAT. They will not be changed except as provided for in the relevant DCUSA schedule and subject to the requirements of Standard Condition 36 of the Licence.

For a complete understanding you should refer to the following licence conditions: -

- Standard Licence Condition 17 (SLC17) “Requirement to offer terms for the provision of Metering Point Administration Services”;
- Standard Licence Condition 18 (SLC18) “Provision of and charges for the Metering Point Administration Services”;
- SLC18’s Appendix 1: “Schedule of Services”;
- Standard Licence Condition 37 (SLC37) “Provision of the Data Transfer Service”; and
- Standard Licence Condition 7 (SLC7) “Determinations by the Authority”.

Standard Licence Conditions are available on Ofgem’s website, ofgem.gov.uk

2.0 ENTITLEMENTS TO USE MPAS

2.1 An applicant for the use of **MUAE's** MPAS must be a licensed Electricity Supplier or an appropriate person as defined in Electricity Distribution Licence Condition 18. SLC37 of **MUAE's** licence specifies that any electronic transfers made for the purpose of facilitating the provision of MPAS between **MUAE** and an Electricity Supplier or other appropriate person is made using the Data Transfer Service.

Persons requiring the Data Transfer Service should apply directly to: -

ElectraLink

Grafton House

2-3 Golden Square

London

W1F 9HR

Helpdesk Tel: 020 7432 3017

Helpdesk email: helpdesk@electralink.co.uk

2.2 The applicant will be required to be a signatory to the Retail Energy Code (REC) and Balancing and Settlement Code (BSC) for the provision of registration services.

2.3 In accordance with Licence Condition 23, Metering Point Administration System (MPAS) are provided under the REC and BSC. Users should refer to the REC Code Manager and Elexon if they wish to become a party to these agreements.

To become a party to these agreements, parties should contact the Retail Energy Code (REC) directly at: -

Retail Energy Code Company Limited

27 Old Gloucester Street

London

WC1N 3AX

Email: enquiries@recmanager.co.uk

2.4 APPLYING FOR METERING POINT ADMINISTRATION SERVICES

An application for **MUAE** MPAS Services must be made in the first instance by email, telephone, or in writing to the following address; -

MPAS Enquiries

MUA Electricity Limited

Hawks Green Lane

Cannock

Staffordshire

WS11 7LH

Tel: 0800 011 4193

Email: spa@muagroup.co.uk

2.5 Applicants will be required to enter into an agreement with **MUAE** prior to using the services. This agreement will set out the obligation of both parties, services levels, methods of communicating information and invoicing and payment arrangements.

3.0 MPAS CHARGES

3.1 The normal operating costs of providing MPAS are included in the prices set out in **MUAE's** Distribution Use of System (DUoS) charges. These are available on **MUAE's** website muagroup.co.uk

3.2 If an Electricity Supplier should request additional services, then a transaction charge will be levied by **MUAE.** A table of these charges is provided in Section 2.2. The charges detailed are exclusive of VAT.

3.3 TABLE OF TRANSACTIONAL MPAS CHARGES

The charges set out below are for transactional services associated with the provision of MPAS. They are based on the administrative cost to us of providing additional services.
